

Nicola Dempsey Producer

PROFILE

Producer with extensive international and UK experience. At ease with constant change, wrangling creative personalities, demanding high profile clients and large-scale logistics. Calm, thorough and unfazed by time pressured deadlines. Accustomed to managing large production teams whilst motivating others, maintaining strong relationships and an enviable 'little black book'. Versatile, a listener and a problem solver who strives to find solutions to better the creative whilst guarding the budget. I work with integrity and tenacity, a sense of humour and a passion to achieve the impossible whilst maintaining good client, agency & crew relationships.
